

MTG TIMES

DISCUSSION	Admin meeting – tedious (b/c we need to bring it back to the committees anyways - have a meeting, bring up the minutes during the committee mtg if anyone challenges it and then we can discuss it during the committee mtg and then you go on with committee
Committee mtg: - lack on committee discussion	
Options: keep it the way it is --1 Admin mtgs alternative with committee mtgs -- 11 1 hr admin mtgs before/after committee mtgs --	
CONCLUSIONS	So we'll be having an Admin Mtg next week! ☺

HATI SUBCOMMITTEE

USAMA

DISCUSSION	Wants to start a subcommittee – so then it shouldn't be just for Hati	
<p>Focusing on one disaster that is currently happening Ppl can walk around and raise money (off- campus) It would be something different every once in a while -bakes sales and movies and such can have a trial run - there doesn't seem to be a limit - there's always natural disasters, there's a huge debate on where money should be going (MSA really needs money)</p> <p>Alternatively, one committee member rallies ppl together during a natural disaster (its not a subcommittee so it can't dominate the execs) Its within our reach</p> <p>You don't want ppl to go off campus b/c then you're not really doing anything with the students. Other groups (non student oens) already do this Will this stick if we change our exec structure? Have fundraising ideas? – get a plan of how to get money</p> <p>Need a firm plan that will provide money By going outside we're not reaching our student. We need to raise awareness, why the disaster happened and ways to counter this.</p> <p>As students we don't need to take care of this, there are other groups who are doing it</p>		
CONCLUSIONS	Still need to discuss it further

TMV

RIFA

DISCUSSION	- Currently don't have enough money for another issue - went out and approached restaurants, & requested sponsors We should invest in it, b/c of our unlimited funds we shouldn't put out a not so nice issue We should keep to the quality that we have been delivering so far For now, borrow money from MSA or some other place and then once tmv is complete you can focus on fundraising The fundraising should be able to continue in the future as long as they have like a step by step fundraising process - Sell the next issue for \$1-2 Alumni thing: is in the process, considering mailing out TMV's to alums (that have money! ☺) Alumni funds are limited so we have to decide on how we'll spend it	
CONCLUSIONS	Online advertising is ok as long as the exec Ok the advertisements

Rifa and Asma will talk about where they'll get money from		

GTA MSA MEETING

ISHRAQ

DISCUSSION	A lot of our previous concerns were addressed by them. The msa's would be autonomous to the GTA msa Any events would need the approval of ALL msa's before it goes ahead Particular msa's would not be made to endorse an event MSA national has no role, if they would like to pursue it they can Proportional split or weighted split, it depends!	
Structure of committee: assigned chairs Everything would be kept small (i.e. events and stuff), their first joint rep is the MSA ski trip		
There'd be a difference btw endorsement and advertisement We want to know how the ski trip went ahead as an gta msa event
